

# BLUETOOTH LOCATOR BLUE SLEUTH

*"Rather than taking apart the entire dispenser to get in and look for a skimmer, this allows the service company or regulatory agency to do a quick scan."*

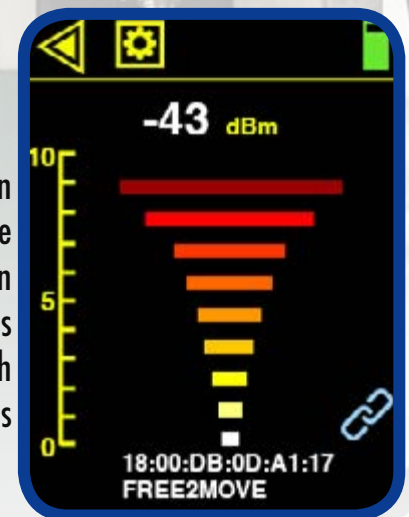

- Bill Callaway, Crompco Tank Testing

- Save hours searching for bluetooth skimmers in gas pumps & POS terminals
- Powerful bluetooth direction finding antenna for pinpoint accuracy
- Faster & more sensitive than smartphone apps and bulky testers
- Dedicated tool for rapid scans and deeper bluetooth sweeps

Direction finding antenna enables precise detection and location of all bluetooth signals from a distance.

Save hours of searching through many pumps by quickly pinpointing hidden bluetooth skimmers

Direction Finding Mode hunts down suspicious bluetooth sources

# BLUETOOTH LOCATOR **BLUE SLEUTH**

*Fighting scammers one skimmer at a time*

<b>BANDS SUPPORTED</b>	ISM: 2.400-2.485 GHz
<b>RF SENSITIVITY (Wide Band)</b>	-80 dBm
